

NOWE DESKRYPTORY w MeSH 2025

Adaptation Models, Machine

Adolescent Mothers

AICDA (Activation-Induced Cytidine Deaminase)

Aquablation

Artificial Intelligence

Athletic Trainers

Autoencoder

Autonomous Robots

Backtracking Algorithms

Battered Men

Battered Women

Body Satisfaction

Boosting Machine Learning Algorithms

Brachyury Protein

CD226 Antigen

Cellular Neural Networks

Cerebellar Cognitive Affective Syndrome

Chatbot

Chemogenetics

Chemsex

Children with Disabilities

Classification Algorithms

Claustrophobia

Climate Anxiety

Cloacal Exstrophy

Collapsin Response Mediator Protein 1

Communication Aids for Persons with Disabilities

Constraint Induced Movement Therapy

Cost of Illness

Dental Enamel Hypoplasia

Detection Algorithms

Digital Media

Disordered Eating Behavior

Dissent and Disputes

Emergency Use Authorization

Emotional Eating

Endoplasmic Reticulum Stress

Endoplasmic Reticulum, Rough

Epigenome Editing

Ethical Dilemmas

Family Deprivation

Federated Learning

Ferroportin

Fetus-in-Fetu

Frontline Personnel

Gaelic Football

Gene Therapy Drug

Generalized Anxiety Disorder

Generative Adversarial Networks

Genetic Algorithms

Guttate Psoriasis

Hair Diseases

Health Expenditures

Hereditary Sensory and Motor Neuropathy

Hidden Markov Models

Housing

Hyperpigmentation

Hypoadrenocorticism, Familial

Idiopathic Hypersomnia

Iloprost

Independent Living

Intelligent Systems

Interleukin-21

Kcnj10 Channel

Lacrosse

Leukoencephalopathies

Long Short Term Memory

Long-Chain-Fatty-Acid-CoA Ligase

Lymphatic Vessel Tumors

Machine Learning Algorithms

Malignant Atrophic Papulosis

Marital Status

Masculinization

Maternal Death

Medical Debt

Medical Missions

Mesolimbic System

Meta-Research

Moher

Motorized Mobility Scooter

MPOX, Monkeypox

mRNA Guanylyltransferase

Multiple-Instance Learning Algorithms

Myelin Oligodendrocyte Glycoprotein Antibody-Associated Disease

Nicotinate-Nucleotide Diphosphorylase (Carboxylating)

Nursing Home Residents

Onco-anesthesia

Optogenetics

Paternal Deprivation

Patient Access to Records

Patient Acuity

Perfusion Magnetic Resonance Imaging

Periodization

Personal Trainers

Persons with Hearing Disabilities

Persons with Psychiatric Disorders

Persons with Visual Disabilities

Phobia, School

Pica

Plain Language Summaries

Podoplanin

Pooled Testing

Pregnancy-Related Death

Pregnant Couple

Price Transparency

Prospero-Related Homeobox 1 Protein

Psychological Rehabilitation

Racquet Sports

Recurrent Neural Networks

Religion and Psychology

Remote Patient Monitoring

RNA Damage

Scoping Review as Topic

Sedentary Behavior

Sense of Agency

Seven in Absentia Proteins

Sexual and Gender Minorities

Shotgun Sequencing

Slit Homolog 2 Protein

Social Identification

Structural Maintenance of Chromosome Protein 1

Taste Receptors, Type 2

Tirzepatide

Transcription Factor TFIIIC

Transfer Machine Learning

Ubiquitin-Conjugating Enzyme UBC9

Uveal Melanoma

Vaso Occlusive Crises

Vasodilator-Stimulated Phosphoprotein

Wildfires

Work-Life Balance
